FOR PRESIDENT,
HENRY CLAY,
OF KENTUCKY.
FOR GOVERNOR,
EDWARD ROBINSON,
OF THOMASTON.

Kennebec Congressional Nomination.

It is with the highest satisfaction we learn that the Whigs of Kennebec have nominated LUTHER SEVERANCE, the editor of the Kennebec Journal, as their candidate for Congress. Few men in the State can better represent the interests of Maine in our National Legislature; few men have a stronger hold upon the affections of his political friends, or are more respected by political opponents than Luther Severance. To an active and vigorous mind, and untiring industry, and inflexible honesty, are joined an intimate acquaintance with the wants and interests of the State—a familiarity with legislative proceedings, and ability and aptitude in enforcing the convictions of his judgment. The Whigs of his district should not only make his election sure but give him a swelling majority, such as he richly deserves.

It is no small credit to Mr. Severance that by close application he has qualified himself in the midst of an active business as a mechanic, for the discharge of the duties of any station to which his fellow citizens may please to call him. Over twenty years since he worked in the city of Washington, a journeyman printer. He came to Maine, commenced business, and by close application has acquired a handsome property, and occupies a high station in the estimation of his fellow citizens throughout the State as a man of integrity, of a cultivated mind and of moral worth. It is a beautiful and appropriate commentary upon our republican institutions that such a man, thus deserving, should be sent back to Washington as a representative of the people, and be allowed to speak for them in the halls of our National Congress. It is for the health of our country that a proportion of our legislators should be practical men, from the active scenes of business and of labor, that the influence of their republican habits and manners and modes of thinking may be felt at the capital in all departments of government. In every aspect in which we can view this subject the nomination affords us the liveliest pleasure, and so we feel assured it will to all the Whigs of Maine.

There has just been handed us the following article from a source entitled to attention and which we here annex.

If it would not be asking too much of our friends of the Kennebec Journal, we should like to have them copy.

Nomination of Mr. Severance.

Although we have not the honor and happiness to dwell within the limits of the old Gibraltar of Whiggery, we are not indifferent spectators of the movements in Kennebec in relation to the next member of Congress. The nomination of LUTHER SEVERANCE will be responded to by the true hearted and unflinching Whigs of Maine, with unmixed satisfaction. They will as one man rejoice in this mark of confidence, respect and attachment towards the man, who has for nearly twenty years stood unmoved, but not inactive at his important post, and with a vigilance that nothing escaped, with an industry that nothing appalled, with a perseverance and ability that nothing overcame, has from week to week sent forth his strong "meat for men," and defended with unshrinking fidelity the true principles of the Constitution and the true policy of the Country. In storm and in sunshine, in success and defeat, in victory and disaster, he has ever been at his post and always true to his principles. He has rejoiced in prosperity and success with the temperate and patriotic and unselfish joy of a true patriot, and when the wind and tide have proved adverse—still he has moved on.

"Against the wind, against the tide,
Still steady, with an upright keel."

A true hearted republican, he has never bowed the knee to Baal or worshipped the golden calf of power and patronage. He came to Maine in the first years of his manhood, a practical and hard working printer, unheralded and unpatronized. He has made himself, what he is, by indefatigable exertion in his proper sphere and by a steady adherence to moral principles in theory and practice, and he now stands before the people, by the recommendation of a most respectable Convention, a candidate for a seat in Congress, thoroughly furnished and prepared for the duty. It would be an insult to the Whigs and the people of his district to indulge a doubt of his triumphant election.

We are favored, just at present, says the Boston Atlas, with a splendid planetary display—for which our clear nights are especially adapted. Jupiter is in full blaze, rising at about 10 o'clock, and traversing the constellation Capricornus; with a glass of very moderate power his four satellites may be seen. Saturn, quite as large, but paler and shining with a milder and more steady light, is in Sagittarius—some 35 degrees above the horizon in a S. E. direction—Mars, red and fiery, is farther South in Scorpio, near Antares, and is nearer the earth than he has ventured before for many years. The trio make a brilliant show.

We have received a communication signed "A Democrat of Bangor" proposing the question to the editor of the Democrat why it was that the Lincoln County Convention did not pass a resolution approving the gubernatorial nomination recently made in this city. What say ye, Democrat? Is this one of the evidences that the utmost harmony prevails in the party?

The Influenza, says the Philadelphia Inquirer, is spreading among cattle and horses. A number of valuable horses are sick with it, and several have died.

An Old Deed.
Robert Dunning, a clerk in the store of his brothers J. & A. Dunning, a few days since found an old parchment deed as big as an apron upon the wharf on which their store stands. It was executed one hundred and thirty-seven years since, and by which Sir Charles Hubby, of London, Knight, deeded several large tracts of land to "Thomas Allen, London, only son and heir of Samuel Allen, late of the province of New Hampshire, within her Majesty's Territory and Dominion of New England." Cape Ann and Piscataway harbor seem to be included in the grant. The parchment is much stained, and it is with difficulty that the manuscript can be made out. We may attempt it however in the spare hours we can devote to it. It is a venerable looking old document and only valuable now for its age.

On Thursday morning last we published an account of the wreck of the Schooner Independence and on Saturday between ten and eleven o'clock we received the Boston Daily Mail containing the account properly credited to the Whig. This instance shows the facilities of communication between this city and theemporium of New England.

Our attentive correspondent at Cherryfield informs us that the "Rose Bay" mentioned a few days since as growing in Cherryfield is to be found there and is now in flower. We expect some specimens of it by the middle of the week.

An adjourned meeting of the Bangor Repeal Association will be held this evening at the City Hall. Our citizens are invited to take part in the discussions. They have some good speaking there.

The little girl M. E. F. who so promptly, at our request, sent us a copy of her composition giving a description of the Fourth of July celebration, will please accept our thanks. We were much interested with the account.

We would call attention to the Copartnership notice of Reed, Hurd & Co. in our advertising columns.

Whig Convention for the Fourth Congressional District.

We are indebted to the Kennebec Journal for an account of the proceedings of this Convention, which met at Readfield on the 11th inst. R. B. GOODENOW, of Farmington, was chosen President of the Convention, J. J. EVELLETH, of Augusta, and TIMOTHY O. HOWE, of Readfield, were chosen Secretaries.

The Convention agreed on apportioning the time which each county should be represented, as follows, viz: that the County of Kennebec be entitled to a representative in the 28th, 29th and 31st Congress; Franklin in the 30th and 32d Congress.

The Convention then proceeded to ballot for a candidate for representative in the next Congress, and the result was as follows:

Whole number of ballots,	82
Necessary to a choice,	42
LUTHER SEVERANCE had	47
David Bronson,	34
Samuel P. Benson,	11

And Luther Severance, having received a majority of all the votes, was declared to be duly elected as the candidate.

The Convention then proceeded to ballot for a delegate to the Whig National Convention, to be held in Baltimore, in May, 1844, with the following result:

Whole number of ballots,	76
Necessary to a choice,	38
ROBERT GOODENOW had	42
J. T. P. Dumont,	22
Joseph Baker,	5
David Bronson,	3
Samuel P. Benson,	2

And Mr. Goodenow, having received a majority of all the votes, was declared to be duly elected.

Mr. Dumont, chairman of the committee on resolutions, submitted the following:

Resolved, That the Whigs of the Union, tho' betrayed, are not disheartened, and there still remains among them a strong and invincible phalanx of freemen, who will be found, when a trial of strength shall come off, contending manfully, and successfully too, for the triumph of sound republican principles.

Resolved, That the past history of our country instructs us who Benedict Arnold was, and scriptural history tells us the story of Judas Iscariot, and the recent Presidential history develops the true character of John Tyler, of Virginia.

Resolved, That President Tyler, by his acts, has given the lie direct to his professions when he promulgated to the American people "that he would remove no man from office who had faithfully acquitted himself of his duties."

Resolved, That we take our final leave of John Tyler, by reminding him that the meed of a traitor is a life of blushing and a death of shame.

Resolved, That we fully concur in a sentiment given on the glorious Fourth, at Philadelphia, viz: "We honor the Presidential office, speed the day when we can honor the incumbent."

Resolved, That although we have been robbed of the fruits of the most glorious political victory that ever the history of our country has recorded; though almost every measure of the great system of reform, for which we then contended, has been vetoed by the will of one man; we will yet fight on, amid the apostasy of professed friends, and the reproach and hostility of open enemies, till our efforts are crowned with the most permanent success, and the great democratic principles which we believe to be vital to the preservation of our liberties are planted so deep and so firm in the affections of the people, that all the assaults of destructive locofocoism can never shake them.

Resolved, That, as Whigs, we boldly proclaim our political creed, which is, first and foremost, adequate protection to American industry—a complete and entire exemption of the fruits of American labor from a ruinous competition with the products of European pauperism; a sound, safe and uniform National currency; a right application of the Jeffersonian test, "Is he honest? Is he capable?" to all applicants for office and governmental trusts.

Resolved, That we recognize, in the person of HENRY CLAY, of Kentucky, the illustrious statesman, who, by his political integrity, his eminent services in every station where his country has called him, his brilliant talents, and his unswerving straight-forwardness, has shown himself worthy of our confidence and support—a man who is eminently qualified for the highest office in the gift of the American people.

Resolved, That we cordially respond to the

nomination of EDWARD ROBINSON, for Governor, and that he shall receive our united and hearty support for that office.

The foregoing resolutions were sustained by addresses from Messrs. Dumont, Goodenow and How, and unanimously adopted.

The following resolution was submitted by Col. Clough, and unanimously adopted:

Resolved, That Luther Severance, by his long and thorough acquaintance with the history of our government—by the purity of his life and character—by his sterling incorruptible honesty and integrity—and by his zealous and unwavering adherence to republican principles—is eminently worthy the hearty support of the people of this District; and we doubt not they will rejoice at the opportunity that is now afforded them to elect him their Representative in the next Congress.

The following resolution was submitted by Mr. Dorr of Waterville:

Resolved, That in appointing Robert Goodenow to represent this District at the Convention to be held at Baltimore in 1844, we have appointed a man who, we have the fullest confidence, will faithfully represent the well known wishes of the District, with honor to himself and his constituency.

Unanimously adopted.

Resolved, That Louis O. Cowan of Augusta, Wm. M. Read of Phillips, Josiah Perham, Jr. of Wilton, John O. Craig of Readfield, and Arnold S. Richmond of Winthrop, be a committee to call future Congressional Conventions, appoint the place of meeting, and fix the basis of representation in the same.

Resolved, That in case Mr. Goodenow should be unable to attend the Baltimore Convention, Col. Dumont be substituted as a delegate in his place.

Resolved, That the thanks of the Convention be given to Robert Goodenow, for the dignified and acceptable manner in which he has discharged the duties of President of this Convention.

Resolved, That our thanks are hereby tendered to the proprietors of the Union Meeting-house, for the use of the same this day.

Resolved, That the proceedings of the Convention be signed by the President and Secretaries, and published in the several Whig papers in the State.

ROBERT GOODENOW, President.
J. J. EVELLETH, } Secretaries.

Marine Disaster.—Concussion between the United States Ships Macedonian & the Pennsylvanian.

A ship from the Norfolk Herald office, dated 10th July, 8 P. M., received at the Exchange Reading Room, Boston, says, "The U. S. ship Macedonian, Capt. Mayo, bound for the coast of Africa, got under way at the anchorage about 6 o'clock this afternoon to drop down to Hampton Roads, but had not proceeded more than half a mile, when a sudden flurry of wind and rain from Northwest took her all aback, and without allowing time to clew up or take in her topsails, drove her astern till she came foul of the Pennsylvanian, producing a concussion which was distinctly heard on shore—a distance of nearly half a mile. We have not heard the extent of the damage, but from the fragments of spars which drifted past Town Point, it is supposed that the Macedonian is minus her gaff and spanker boom."

The Columbia.

We gather a few additional particulars in relation to this vessel, from the Boston papers.

The Margaret left the Columbia on the 6th, with her passengers, for Halifax, at which port she arrived on the afternoon of the 7th instant. Measures were taken to despatch the Margaret for Liverpool on the 9th or 10th. The crew of the Columbia were left with her at work, having a number of small vessels at hand, with the hope of removing the remainder of the engines before she was wholly destroyed. The captain of the Saxe Gotha, steamer, at St. John, had been on board the Columbia on Friday morning. At that time she had broken in two, but her rigging, spars and sails, with a great part of the engine, would be saved. It is stated that she cost \$75,000, and was insured for \$40,000. The report that a person was missing from her, arose from the fact that one of her sailors in attempting to scull a skiff from the ship to a schooner, on the 2d inst., lost his way in the fog, and was driven by the wind and tide about the bay, till some time next day, when he was fortunately descried by the brig Rose, bound to Yarmouth, and taken on board.

We stated yesterday that at a meeting of the passengers, Captain Shannon was acquitted of all blame in the loss of the Columbia. At the same meeting it was voted "that a letter be addressed to the Commissioners of Light Houses in Nova Scotia, in praise and commemoration of the exertions of Mr. Hitchings, keeper of the light house on Seal Island, and Mr. Crowell, on behalf of the lives and property of the passengers."

The thanks of the meeting were voted by acclamation to Mr. Lawrence for his able conduct in the chair, and more especially for his exertions in promoting a good feeling among the passengers in the distressing circumstances in which they were placed.

The letter to Capt Shannon was signed by all the passengers, including the women.

Sad Accident.

A dreadful accident occurred at the Asylum for the Blind at Columbus, Ohio, on the 7th inst. A blind pupil named Geo. Brown, aged fifteen, whose parents reside in Knox county, had, with two or three others, gone to the roof of the Asylum and attempted to walk across it—but mistaking his course, he walked to the edge of the roof and was precipitated to the pavement below. He fell on his head and face, breathed for ten minutes and expired without a groan or struggle.

A Mr. Titus, his wife and son attempted a few days since to descend the planes of the Lehigh Rail Road without putting on the shoes. In a moment the car started with lightning speed and these persons were scattered at the bottom of the plane—the wife almost a mangled mass, life instantly extinct—the husband bruised, lacerated, senseless—the son with skull fractured and dangerous if not mortal wounds as the result.

There was an uproarious meeting in Portland on Thursday evening. The meeting was called to take measures relative to delay in the trial of about sixty liquor cases before the District Court. Nothing effectual was accomplished.

Joe Smith Rescued.
A gentleman from up the river, who arrived at St. Louis, on the 3d inst. says that Joe Smith, the prophet, had been liberated or rescued by his legion. The boat he was brought back on touched at Quincy, on her road back to Nauvoo, having Joe safe and sound on board.

Magnificent Donation.

We understand, says the Boston Atlas, that Wm Appleton, Esq., of that city, has recently given \$10,000 towards the erection of an Episcopal Missionary Chapel, in Boston. Such acts of munificent liberality are truly honorable to the donors, and to the community of which they are members.

From the Post we learn that Mr. Brenen, who was run over by the cars of the Charlestown Branch Railroad on Wednesday, died about eleven o'clock, the same evening. He was a man of exemplary conduct. His family are in destitute circumstances, and present the strongest claims upon the generous regard of the community.

The Washington Capitol states that a difficulty recently occurred between the chief clerk of the Navy department, and the chief of the Medical Bureau. The Matter was referred to the President, who told the parties to let the thing rest until the arrival of Mr. Henshaw.

The stables of Daniel Carroll, at his seat at Duddington, on Capitol Hill, Washington, were burnt on Saturday night, together with a large quantity of hay. A negro boy was arrested on suspicion of being the incendiary.

The Boston Times says there is an organized band of miscreants and robbers, bound by horrid oaths who have taken up their quarters in the woods in the vicinity of Albany, N. Y.—The Police, it is said, are afraid to interfere!

The boatmen on the Lehigh Canal have struck for higher wages and stopped all the coal boats. Operations are in a great measure suspended.

The papers talk of an iron bound coast on the sea shore of Maine. We think it the most rockmanic coast we ever saw.

Caristina Gilmour.

This young woman from Scotland, was brought into court at New York, for examination, on Wednesday afternoon at three o'clock. Her examination took place before Sylvanus Rapelle, U. S. Commissioner, and is reported at length in the Express. Two witnesses only, were examined, Drs. Rogers and James McDonald, who testified as to her sanity—both thought her sane, and in full possession of her faculties. After the testimony of those witnesses was given, the Court adjourned to Thursday afternoon, at 3 o'clock.

Singular Phenomena.

We learn from the Gazette at Urbana, Ohio, that "about 11 o'clock on the evening of the 19th ult. a rumbling noise and jarring of the earth, similar to that produced by the shock of an earthquake, was very sensibly heard and felt in various parts of this county."

"On Wednesday night, 28th ult., between 8 and 9 o'clock, an unusually large and very brilliant meteor fell a little east of the zenith, and disappeared behind a cloud in the north-east.—The light produced by it was equal in brilliancy to that of the sun. Those who saw the meteor say that it was nearly as large as a man's head. A few moments after it disappeared a rumbling noise was heard, which lasted two or three seconds, supposed to have been caused by its explosion."

REPEAL MEETING.

AN adjourned meeting of the BANGOR REPEAL ASSOCIATION will be held at the CITY HALL, THIS EVENING. The citizens of Bangor and vicinity are invited to attend and participate in its discussions. Bangor, July 17, 1843.

WRIGHT'S INDIAN VEGETABLE PILLS.
Of the North American College of Health.
NATURAL PRINCIPLES. It is written in the book of nature and common sense, that the natural vegetable productions of every country are, if properly applied, amply sufficient for the cure of every malady incident to that climate.
WRIGHT'S INDIAN VEGETABLE PILLS are composed of plants which grow spontaneously on our own soil, and are therefore better adapted to our constitutions than medicines concocted from foreign drugs, however well they may be compounded; and as they are founded upon the principle that the human body is in truth subject to
ONLY ONE DISEASE,
viz., Corrupt Humors, or in other words, Impurity, and cure every form of this disease, on natural principles, that is, by Cleansing and Purifying the Body, it must be plain to every reflecting mind that a perseverance in the use of the medicine, according to directions, will be absolutely certain to drive every malady from the body.
When we wish to restore a swamp or morass to fertility, do we not drain it of the superabundant water? In like manner, if we would restore the body to health, we must cleanse it of impurity.
WRIGHT'S INDIAN VEGETABLE PILLS will be found a delightful medicine for carrying out this grand purifying principle, because they expel all morbid and corrupt humors, the cause of disease, in an easy and natural manner; and while they every day
GIVE EASE AND PLEASURE,
disease of every name is rapidly driven from the body.
Beware of Counterfeits!
The patrons of Wright's Indian Vegetable Pills are cautioned against being deceived by medicine purporting to be Indian Pills, manufactured by one A. L. Norcross who is traveling about the country endeavoring by every artifice to palm off his worthless trash for the genuine.
It should be remembered that all genuine medicine has the title expressed in full on the sides of the boxes thus:
WRIGHT'S INDIAN VEGETABLE PILLS (INDIAN PURGATIVE.)
Of the North American College of Health.
And that all Traveling Agents are provided with a Certificate of Agency, signed by William Wright, Vice President of the N. A. Coll. of Health. All travelers, therefore, who offer Indian Pills for sale, and cannot show a certificate of Agency, as above described, will be known as wicked impostors.
Purchasers will further remember that the counterfeiter in the hope of evading the law, have omitted the name of "Wright," and substituted some word in its place; that the medicine must have "WRIGHT'S INDIAN VEGETABLE PILLS" on the sides of the boxes; and that all with the above omission are positively spurious.
And also around the border of the label, will be found in small type, "Entered according to the Act of Congress in the year 1840, by Wm. Wright in the Clerk's Office of the District Court, of the Eastern District of Pennsylvania."
It will further be observed that the printed directions for using the medicine, which accompanies each box, are also entered according to Act of Congress; and the same form will be found at the bottom of the first page.
The public will also remember, that all who sell the genuine Indian Vegetable Pills are provided with a certificate of Agency, signed by WILLIAM WRIGHT, VICE PRESIDENT Of the North American College of Health.
Thus it will be seen, that a trifling attention on the part of the purchaser to the above particulars, will put an effectual stop to this wholesale robbery, and drive it, it is hoped, all depredators upon society to an honest calling.
The following highly respectable persons have been appointed agents for the sale of the above valuable medicine.

DR. J. D. BUZZELL'S CELEBRATED FAMILY MEDICINE.
These Medicines are purely Vegetable, and extensively used in various parts of the United States, the British Provinces and the West Indies.
They are particularly intended for the removal of Chronic diseases, such as Inflammation of the Head, Stomach, Liver, bowels, kidneys, urinary vessels, glands, &c. Dropsy, Rheumatism, Gout, and some of the preparations, viz: the Bilious Bitters, Pills, Jaundice Mixture, and anti-acid preparations. When generally used, their effect is opening obstructions, removing all morbid and offensive matter from the stomach and bowels, which he has reason to think is always their effect in all cases within the control of medicines. They operate as preventives in various epidemic diseases, such as Intermittent, Inflammatory, Bilious, and common Typhus fevers, Inflammations of the Lungs, Bowels, Pleura, Cholera Morbos, Diarrhea, &c. also as preventives to some contagious diseases, such as Yellow, Scarlet and Putrid fevers, and although not capable of preventing diseases which they are not, there are some contagious diseases which they are, has become confident, that all those who contract any of those diseases, while under the influence of these medicines, taken in such doses as to keep up and maintain a healthy action in the secretory and excretory vessels of the digestive organs, are but slightly affected, and are easily managed—whereas, on the contrary, doubtless in many cases, they would prove not only distressing, but uncontrollable and dangerous.
Vegetable Bilious Bitters.
Prepared exclusively at his Dispensary in Cape Elizabeth, near Portland, Me. These Bitters are particularly serviceable in all cases of obstruction of the stomach and bowels, and in chronic affections of the liver, and particularly serviceable where there is a loss of appetite.
Jaundice Mixture.
This Mixture will be found a speedy and safe cure for Jaundice, and of singular service in all cases where the bowels have lost their proper tone, or have become torpid, attended with obstinate obstructions. It is also an efficacious remedy for bile, and for which the directions accompanying the medicine are to be strictly observed.
Hemorrhoidal, or Pile Powder.
This medicine may be relied upon to give immediate relief; and their use persevered in, will effect a certain cure.
Compound Strengthening Plaster.
A local weakness, or a pain in the chest, stomach, side, or back, will, in most cases, be removed by the application of this plaster to the part affected.
Ointment for the Cure of Cutaneous Eruptions.
A few sparing applications of this ointment, morning and evening, will be found a safe and efficacious remedy in all cutaneous eruptions. It is a remedy for eruptions of the face, with which children are so often afflicted, and even in cases of scald head, a loathsome affection of the head, in which state it is covered with a continuous scab, it is a safe application, effecting a cure. It will generally cure that troublesome and truly perplexing humor, called by many the Barber's or Jackson itch, observing in effluvia, to take the ANTLERUPATIVE and COOLING POWDER, according to its accompanying directions.
Cough Mixture.
A remedy for all coughs proceeding from colds, asthma, chronic catarrhs, consumption, influenza, and inflammation of the lungs or pleura. It is also found very useful in ameliorating the violence of whooping cough.
For a more full and particular description of disease, and the medicine to be applied, I beg leave to refer you to my Circular, in pamphlet form, which may be had wherever the medicines are for sale, and to the remarks accompanying them.

ABSOLUTE HEAL OIL.
10,000 TRIALS, and all successful, prove **DALLEY'S MAGICAL PAIN EXTRACTOR** inestimable. It not only cures quicker, but gives no additional pain, nor leaves a scar. Fire is positively rendered harmless. (\$10 has been offered six months to any person returning an empty box, and saying that all agony on anointing is not extracted in a few minutes, yet not one from thousands of trials since has claimed the bonus.) Parents anxious to guard against general injuries and save money, time, torture and life, and prevent their offspring from being disfigured by burns, or even small-pox pustules, (it possessing the evolvable power to replace the cellular organs destroyed), can do so by obtaining this inestimable salve. Many deeply burnt cases in the city can be seen, and one entire face burnt over and wounded three distinct times in the same spot while healing, yet in no case can be traced the least cicatrice or mark! For all kinds of hurts, its rapid, soothing effects, are alike important; even sore eyes, ALL INFLAMMATIONS and BROKEN BREASTS would be unknown. The toilet and nursery, for clearing the skin of pimples, removing chafe, &c., will find it indispensable. Once using only will forever establish it the sovereign **HEAL-ALL** quality. After this notice, heads of families allowing torture for months, and ultimately distorted features, can never wipe away reproach, justly uttered by a disabled child, for neglecting to triumph over fire.

LOZENGES! LOZENGES!
FALES'S Cough, Worm, Headache, and Diarrhoea or Dysentary LOZENGES are safe, certain and agreeable remedies for the diseases for which they are recommended.
Numerous, speedy and surprising cures have been effected by their use, hence their popularity.
Dyott's Oracle of Health, (Philadelphia) says that Fales's Medicated Lozenges are considered by those who have used them, to be far superior to Sherman's or any other introduced into that market.
THE COUGH LOZENGES
Are beneficial in all cases of common colds, hooping cough, asthmatic affections, inflammations of the throat and lungs; they are also particularly beneficial for the croup, and a very good substitute for the celebrated Hie Syrup, Cough Candies, Quincey Cordials Pulmonary Balsams, &c.
THE WORM LOZENGES
Are a safe and sure remedy for Worms. Two or three is a dose for very small children, and five or six for larger ones.
THE DYSENTERY LOZENGES
Are a certain and agreeable remedy for Dysentery, Diarrhoea and bowel complaints of children.—Full directions as to diet and manner of taking them, accompany each box.
THE HEADACHE OR CAMPHOR
Lozenges are beneficial in cases of nervous headache, in febrile affections of a typhus character. They are useful in Rheumatism and peripneumony; also in eruptive diseases, to favor the eruption or bring it back when it has suddenly receded from the skin, as sometimes happens in measles and small pox.
For sale, Wholesale and Retail, by N. B. FOLSOM, Jr., Agent, and by the other Druggists in the city.

FALES'S CYPRIAN HAIR TONIC,
FOR THE GROWTH, PRESERVATION AND RESTORATION OF THE HAIR.
No matter how bald a person may be, a growth of hair will be produced, and as naturally too, as the herbage grows on the plain, or the lily in the valley. This tonic is warranted to cleanse the hair from Dandruff, and every other accumulating substance. Is your hair dry and falling off?—the tonic will moisten and fix it strongly in the head. Is your hair thin or your head bald?—the tonic is warranted to satisfy the largest desires in thickening the hair in the first case, and covering the Bald Head with natural hair in the second.
It is composed of those remedial agents that restore the skin at once to a sound and healthy condition: when thus restored, you will soon discover on the head a short, soft, and beautiful growth of young hair gradually increasing in length, till it becomes as your other hair was before you began to lose it.
"The question is often asked, from what is the word Cyprian derived? Ans.—from the word Cypria, the name of a beautiful island in the Mediterranean Sea.—The inhabitants of that far famed island, are as well known for their fine glossy hair, as for their bright sparkling eyes. It is known, however, that any other people, except those of Cypria, have never used this Tonic until its introduction into the United States.
For sale, wholesale and retail, by N. B. FOLSOM, Jr., and at retail by the other Druggist in the city.

DR. FELIX GOURAUD'S POUDRES SUBTILES.
HAIRY excrescences, if not the greatest are perhaps the most common drawbacks to personal appearance. The skin may possess Parian purity of color, it may be heightened by health, and rich with the smoothness of youth; but if these attractions are obscured by an overgrowth of hair, the advantages they would otherwise yield to their possessor are immeasurably lost. FELIX GOURAUD'S POUDRES SUBTILE have been found highly efficient in removing such disfigurement.—When applied cold, this preparation is used by some, in lieu of a razor, for removing the beard, which it effects with more ease, with as much rapidity, in a more satisfactory manner, and at less expense, while at the same time, it leaves the skin soft and delicate to the touch. To uproot the beard entirely, it must be applied warm. It will also destroy hair when found to encroach upon the forehead, and will rid one of many little annoyances in the shape of furze, or straggling or superfluous locks. In fact it is a valuable appendage to the toilet, and will be found such by those who may have occasion for its use. Purchasers can see the preparation tried if required. \$1 per bottle.
GOURAUD'S L'EAU DE BEAUTE.
This inimitable French preparation thoroughly exterminates eruptions, tau, pimples, freckles, redness, and all cutaneous imperfections whatever; arrays the neck, hands, and arms in ravishing whiteness; bestows on the complexion juvenia bloom; renovates beauty when on the decline; realizes it, where before absent, and sustains it in pristine splendor to the latest period of life. To mothers nursing their children, in healing soreness, and reducing inflammation, and to Gentlemen in allaying irritability of the face after shaving Dr. Felix Gouraud's Eau de Beauta will be found an infallible specific.
GOURAUD'S VEGETABLE LIQUID ROUGE
Composed materially from flowers and simples, imparts a beautiful Carnation to the skin, immovable by rubbing with the fingers, handkerchief, linen cloth, or by perspiration. 50 cents per bottle.
Prepared by Dr. Felix Gouraud, 67 Walker st. one door from Broadway. These articles cannot be found any where else in New York. Directions accompany each bottle. Agent for Bangor, A. P. GUILD, Druggist, Exchange st.

LIN'S CELESTIAL BALM OF CHINA.
Statements honest, plain and true. Will you believe and profit by them, or neglect and suffer.
THIS Balm or Salve will be found unlike any other preparation. There is no Fiction or Imagination in its qualities. It will cure any sore that can be cured at all. It will take out inflammation, and take down swellings; and by thorough friction over the parts externally, will by counter irritation, remove inward soreness to the surface.
A YOUNG WOMAN, for years afflicted with a running sore, called a fever sore, cured by the use of this Balm in about three weeks.
A CHILD, with great hoarseness and difficult breathing, relieved and cured by rubbing it well on the chest and stomach, and covering a flannel with the Balm and laying it over the breast.
A JUDGE of one of our courts had piles several months without knowing the name of his complaint; he used one flask of this Balm and was cured.
A GENTLEMAN who had an attack of piles every year for ten years, cured himself five years since by this Balm, and though plainly threatened at least fifty times since, has kept off to attack by rubbing on the Balm when any uneasiness, soreness, or fullness is felt about the parts.
A PRISONER cut a frightful gash in his foot with a piece of broken glass; he was cured in a few days by the Balm. The same bottle cured all the sore fingers, legs and feet in the prison.
AT THE ASYLUM for Aged and Indigent Females, it has been used with signal success. One of the lady patresses, Mrs Nixen, has left her name, and wished sufferers referred to these facts.
NO MAN OR WOMAN can possibly have the PILES if they use this Balm well when they feel any uneasiness about the parts. It is far better to prevent than cure any calamity or ailment.
DIRECTIONS, &c., FOR ITS USE.
FOR THE PILES.—If the parts are very sore, reduce a little of the Balm by mixing half lard with it. After one or two trials that way, you must use it without reducing it. You never can use too much at a time—if a whole bottle could be absorbed in two applications, by long friction, it would be all the better.
IF COSTIVE, use it well before going to stool—this will do wonders.
TO PREVENT any attack of the Piles, you must use it whenever you feel a fullness of the parts, and an attack will be impossible. Hundreds thus keep off this dreadful complaint entirely.

INTERNAL PILES
May be reached by injecting it with a syringe, with a large open point to it. This syringe, made expressly for injecting this, and the Dalley's salve, or Hays' liniment, may be found with those who sell these articles. See drawing. Or in some cases may be reached with the finger, or covered with a piece of silk smeared with the Liniment.
PROJECTING PILES.
That won't return at all, may be reduced by white lead, ground in oil, and put on over-night, a spoonful from a pint shop.
VERY COLD WATER should be applied by washing the parts well after stools, particularly if just before bed-time.
In very old cases of Piles, when there is apparently a deposit and discharge from the parts, or when the parts are very sore or inflamed, use "DALLEY'S PAIN EXTRACTOR" alternately with the "CELESTIAL BALM," and your cure is certain. Use the syringe.
Hoarseness, etc.
IN DIFFICULT BREATHING.—Spread it on linen or flannel, and lay it on the breast, after having rubbed the breast well with it—the relief will be felt directly. So with Coughs, and especially with Hoarseness, or Sore Throat—rub till the skin becomes tender, then spread it on flannel, and bind it on, and you may depend it will cure you. If you do not believe it now, you will when you have once tried it.

Rheumatism.
Rheumatism, and all pain in the joints, and stiffness, must be cured by it by rubbing the parts until the skin becomes tender, and then binding more on well with flannel.

HIGHLY ESTEEMED MEDICINES.
FOSTER'S EGYPTIAN BALM OF LIFE.
OR NATURE'S GRAND AND GENIAL AUXILIARY. A SPECIFIC for Consumption, Croup, Bodily Debility, Old and firmly Rooted Coughs, Flatulency, Indigestion and Bilious Disorders, Constiveness and Diarrhea, Scrofulic and Scrofulous Affections and Female Catarrhs.
The Egyptian Balm of Life being an invaluable Family Medicine, should not be neglected in the Spring and Fall by any member of a family, as a Grand Auxiliary to the efforts of nature, in throwing off superfluous humors, generated in the winter and summer months; thus preventing as well as otherwise curing the above distressing maladies, and giving a healthy tone and proper action to all the grand operations of the system.
This Medicine has long sustained an unrivaled character for excellency in the private practice of the eminent practitioners in Europe, yet remaining in the same time undivulged in the possession of the Individual of whom it has been purchased.
It is a most extraordinary salutary influence on this side of the Atlantic, and it is recommended to those who are laboring under any of the diseases for which it is designed as a specific, and also as a preventive of disease, on its first appearance.
For a more particular description of the above medicine we would refer to the envelope accompanying each bottle.
Many valuable certificates might be produced of the benefit received therefrom. Hundreds in the State of Maine, as well as in other States, can testify to its superior efficacy, but the proprietor is willing for the public to judge for themselves by trial. A few names however, are referred to in the envelope accompanying each bottle.
Foster's Celebrated Nerve Ointment.
For the cure of Sprains, Bruises, Cramps, Rheumatism, Contracted Muscles, Sore Throat, Stiff Neck, Pain in the Breast, Back or Joints, Throat Distension, the Piles, &c.
The general testimony concerning this Ointment, from those who have proved its merits, is, that it is too valuable a medicine to be neglected. And indeed we might fill a book of an hundred pages in giving incidents of its happy effects on the suffering.
N. B. The above Medicines are prepared only by W. A. Greenough, Portsmouth, N. H., and sold wholesale and retail by him.
Also, sold wholesale and retail by G. W. LADD, Bangor; sold also by Eld. C. Rigby & J. Knowlton, Bangor; Winthrop Frost, Lincoln, S. Lang, Palmyra; G. O. Washburn & Co. Belfast; Gilmore & Gilford, Prospect; Luther Mudgett, North Prospect; Robert Treat and J. B. Chick, Frankfort; Alden, Nourse, Hamden; Richardson & Kennedy, Old Town; & F. Butler & Co. Orono.
